

Christmas Countdown Card Ideas

Here are a few more straightforward card ideas, all using items available in the [webstore](#).

Papered chipboard tree, on large scallop rectangle mat, embellished with polymer clay candy canes and gingerbread men. Gold cord around the tree serves as tinsel and some confetti stars add a sparkle.

These cards are all very easy to do, as they are simply made using embellished die-cuts, so all the work has been done for you!

Papered chipboard stockings, on a large cream scallop mat, with mini pegs and labels from the tag set.. Small stickers and some glitter glue have been used for finishing.

Baking and apron die cuts, with polymer clay gingerbread men, mounted on the large and small scallop square die cuts. The cream square has been chalked around the edges and details added to the apron using a white pen.

Christmas window, mounted on mirror card on a large scallop rectangle mat. A paper flower with some gold glitter glue and a gold border sticker s used to finish it off.

Die cut stocking mounted on oval scallop mats (large and small) and embellished with wooden teddy and polymer clay candy cane, with mini label from the tag set. A little glitter glue on the stocking top, adds some sparkle. You could personalise the tag with a name.

I hope this has given you some more ideas for Christmas cards. Please add a comment and stop by again soon.
