

'It's a Scream'

If, like us, you have been waiting to see what our new guest designer Jeannie De Gruccio was going to come up with, then you don't have to wait any longer. Here is her first guest project for us, using our very own shop card template and some fantastic Halloween themed papers from **Canvas Corp.**

Jeannie calls this project 'Little Shop of Horrors' and as you can see, it is jam packed with cute critters. Open the doors.....

Boo!

Jeannie has been really creative with this card, I'm sure you will agree and has used the shop card template in such an inspiring way. She has even decorated inside the card.

As Jeannie says... 'I was thinking of the Little Shop of Horrors.... I wanted it to be spooky but in a cute way...' I think you achieved that very well Jeannie!

The products used on this are:

Mementoes in Time Shop Card

Black & Kraft Ribbon Stripe

Spooky Words on Ivory

Black & Ivory Owls

Orange & White Dot Reverse

White Hemp Cord

Black Mini Clothespins

Paper Wrinkles - Black, Orange & Kraft

Misc. Google Eyes, sticker & beads.

(All papers used are from Canvas Corp).

Hopefully this will provide some inspiration for your October Challenge entries!
